

DONNIE PLUMLY

Experience

Team One

Creative Technologist

June 2014 - Current

May 2013-July 2013 internship

Building 7ft mind controlled guitars to a life size interactive diorama is never what I thought I would be doing for work. The tasks are always changing and it makes work not so much like work.

PeakLogix

Creative

July 2012-Jan 2013

Photography, videography, and case study template master for a company that stream lines productivity for Fortune 500 company. Got the chance to do things out of the norm and learned what goes into Ramen Noodles.

Habitat for Humanity's ReStore

Social Media Manager

Sept. 2011-Dec 2011

Posted daily on multiple social media platforms as a bubbly woman in her mid-twenties. It was very challenging and helped me find my softer side.
