

My Journey

Preparation

VCU Brandcenter 2012-2014 M.S. in Creative Technology

Virginia Commonwealth University 2010-2012

Bachelors in Creative Advertising

Minor in Psychology

Magna Cum Laude

Blue Ridge Community College 2006-2009

Associates Degree in Arts and Sciences

Experience

Hanover Habitat for Humanity's ReStore Sept. 2011-Dec. 2011

Social Media Intern

I posted daily on multiple social media platforms as a bubbly woman in her mid-twenties. It was very challenging and helped me find my inner woman.

Team One May 2013-July. 2013

Creative Technologist Intern

Evolved my code, working with arduinos, car hacking! I got to learn from some of the smartest people I've ever met. I also learned that every single person in LA thinks I have a southern accent.

Skills Summary

HTML

CSS

Arduino

Photoshop

Illustrator

Photography

Premiere

After Effects

Omnigraffle

Microsoft Office

Google Sketchup

PeakLogix July 2012-Jan. 2013
Creative Intern

Photography, videography, and case study template master for a company that stream lines productivity for Fortune 500 companies. Got the chance to do things out of the norm and learned what goes into Ramen Noodles.

Team One June 2014-Current
Creative Technologist

Building, coding, programming, 3D Modeling, and just prototyping everyday! I get to live my dream of building physical and digital prototypes on a daily basis. It is a great job where I get to learn and keep perfecting my craft.
